Re: Neighboring Right of Entry – Soil Remediation

By signing below I _____ grant
Hydroscience, Inc., (HI) or their agent, permission to enter the premises known
as _____ to perform the
removal of contaminated soil resulting the previously removed leaking
underground storage tank located from the adjoining property known
as _____.

Acceptance of this Right of Entry will allow **HI** to perform services here under
constitutes agreement by _____
that **HI** will be held harmless in the event of damage or injury arising, relating to,
or resulting from subterranean structures, e.g., pipes, tanks, lines, cabling etc.,
on site unless these have been called explicitly to the attention of **HI** and
correctly shown and specified on plans furnished by "Client" in connection with
the work performed under relevant Agreement. In the event underground utilities
become damaged during the remedial procedures the cost to repair will be
covered by the homeowner's insurance company of the adjoining property.

I also represent that I am authorized to grant such permission.

Permission granted:

Client/Agent
